INTRODUCTION

Jubail Contracting Construction Company (JCC), is a Jordanian Company established in 2012, holds the following classifications issued by the ministry of Public Works and Housing: 1st Grade in Buildings Construction. 1st Grade in Electromechanics & Renewable Energy. 4th Grade in Roads Construction and Maintenance. 4th Grade in Water and Sewerage.

JCC had previously successfully completed the construction of several Projects: All types of Buildings, Bridges, Drainage structures, Landscapes work, Electro-Mechanical work, Operation and Maintenance work, Roads and Infrastructure networks.

JCC, besides its strong financial capabilities and stands in securing the required financial Resources, depends on its own assets, such as but not limited to; equipment, machines, cranes, Formwork systems...etc., that ensures and facilitates efficiently progress of construction in a timely manner which meets the project milestones & to

complete the projects successfully for all parties, & to deliver the projects in comfortably in JCC's mission of producing the best quality.

JCC most valuable assets, are its key personnel; Projects Managers, Superintendents, Engineers, whom were chosen with high caliber, qualifications and appropriate experience, in parallel with high Skilled Technicians and Labors that allow to proper smooth construction progres.

JCC's Planners and Schedulers are well-versed with most updated associated softwares, the proper planning tool that is always used for monitoring the progress and the cost of work and measuring its progress percentage on weekly basis.

Procurement department is another area of expertise that JCC possesses; procurement is considered crucial for the successful delivery of the construction project.

JCC has a list of leading Vendors and Suppliers in Jordan and all over the world that comprised the successful arm of JCC in most of its construction projects; Vendors that provide the appropriate support and expertise in selecting the right products that meet or exceed the project specifications.

Quality Assurance and Quality Control treated as the first priority to JCC in execution stages, strictly abide what tabulated in its Quality Plan.

Finally, safety and loss prevention program implemented by JCC in all of its projects is what distinguishes JCC from other contractors; safety is always first and JCC's safety officers are self-motivated and fully supported by the management to maintaining a safe environment and preventing loss of lives in the project at all the times.

JCC holds and maintains **ISO certifications (ISO 45001:2018 Occupational Health & Safety Management System), (ISO 9001:2015 Quality Management System), & (ISO 14001:2015 Environmental Management System)**, & implements them in every aspects of the projects' life cycle.

JCC is a member as short listed Contractor in the U.S federal Government's System for Award Management.

JCC's commitment to excellence in construction, quality and safety makes us well qualified in the construction industry, determined to deliver projects that meet the highest standards of performance and reliability.

In parallel the commitment of JCC with its Clients after delivering the Project are to serve them, in any aspect related to maintenance during the maintenance period & years follow.

SAFETY MANAGEMENT

SAFETY MANAGEMENT SYSTEM

JCC has a certified ISO 45001:2018 (Occupational health and safety management system).

Health and Safety policies are implemented strictly by safety officers and ESHS managers.

JCC is implementing a comprehensive strategy for ensuring public health and safety.

Safety procedures in site includes :

- 1- Following up a Site-Specific Safety Plan (SSSP).
- 2- Trained safety officers always available in site to insure compliance to safety measures & risk reduction at all times.
- 3- Applying a comprehensive training strategy for transfer of ESHS knowhow to labors and subcontractors.
- 4- Clear warning signs and temporary fences surrounding construction areas.
- 5- Specified First Aid Kit accessibility on site.

السلامة أولاً Safety First
